

Homeschool News

A quarterly newsletter from the Cape May County Library

BRR WINTER!

Hello, homeschoolers! Unfortunately, COVID-19 trends are resulting in CMCL Kids having to cancel programs for a few weeks in January. We are often unable to give much notice about program cancellations, so please check ahead of head of time to ensure the program is occurring at the scheduled time. You can find library branch contact information on www.cmclibrary.org, or friend us on Instagram @cmclibrary, or on our Cape May County Library Kids Facebook page for updated program information. You may also call the Children's Department at 463-6350 x300 for program information. Thank you for your patience!

WINTER READING CHALLENGE

CMCL Kids presents our latest reading challenge: Winter Reading Challenge. Earn 1 point for every minute spent reading (or being read to), and earn prizes for every badge that's earned! Children can also earn points by logging events attended, completing activities, and writing reviews of the books they've read. This challenge is open to all children ages 0-12, and runs from January 1 - January 31st. Visit cmclibrary.beanstack.org to create an account today!

INDOOR PROGRAMS

We have moved our programs indoors! Storytimes, Messy Masterpieces, Fandom Book Club, STEAM Saturday and more are scheduled to take place inside the library this winter, and we welcome homeschooling families to all of them! View our full program schedule at events.cmclibrary.org. Please note that programs are subject to cancellation due to COVID-19 restrictions and inclement weather. The libraries have capacity limits, and there may be a wait to participate in the program.

STEAM SATURDAY

Save the date! Join us for STEAM Saturday on Saturday, January 22 at the Stone Harbor Library. Make slime, create amazing works of art, play math games, and explore Science, Technology, Engineering, Art, and Math at the library! Drop in anytime between the hours of 10am -3pm.

DIY VALENTINE'S CARDS

Come to the Wildwood Crest Library on Saturday, February 12 between the hours of 10am-3pm to design your own Valentine's Day cards! This is a drop-in program, so come whenever you are ready to craft!

FEATURED RESOURCE: HOMESCHOOLER'S GUIDE

The Winter 2022 editions of *Homeschooler's Guide to Colleges & Career Schools* and *Homeschooler's Guide: Field Trips & Family Vacations* are now available to request from the Court House Library. You may also view the guides at homeschoolersguides.com
